Dear potential sponsor

It gives me great pleasure to present the Tooradin Calisthenics Club (TCC) sponsorship proposal for season 2023 which has been designed with our current and long-term goals in mind.

We currently have sponsorship opportunities available for local businesses to be a part of this exciting community sporting club.

Tooradin Calisthenics Club is a Non-for-Profit club that opened at the Tooradin Public Hall in 2013, sharing facilities with other community organisations.

This is the first and only Calisthenics Club in the area and we are looking to raise funds to minimise the rise in running costs of the club being passed onto our members and to purchase much needed equipment for the safety and wellbeing of all members and coaches.

The benefits of putting your time and resources into this club include exposing your company to a new market via our website and other media outlets. We also have an in-house newsletter, viewed by all members of our club and their families.

Our club, members, supporters, and volunteers support those who support us.

We look forward to hearing from you soon, hopefully to establish a long and successful relationship between TCC and your business.

Warm Regards,

M. Mondon
